Forex Apocalypse - Fx Trade Report

\$18.00

Forex Apocalypse is a forex robot that will help you trade automatically 24 hours around the clock in the foreign exchange. The expert advisor is designed by Micheal Wright, the Founder of FX Trading Bots who are dedicated to producing high quality Forex robots.

The trading strategies used inside **Forex Apocalypse** are catered for **long term trading** and not for short term scalping. It only looks for existing trend to trade in and does not trade on consolidation or breakout conditions. The default **stoploss is at 250 pips** and take**profit targetis at 600 pips**. The expert advisor can work on all currency pairs.

Your trading capital can be as low as \$100. Forex Apocalypse works with all FX brokers as long they are using metatrader platform. The system doesnâ€™t hedge and thus the NFA regulations do not affect this forex robot.
